

Policy Number: FB.300.00.18	Initial Approval Date: 8/27/2018	Effective Date: 9/1/2019
Subject: Financial Assistance Policy		Revised 8/27/2018
		Reviewed: September 2019
Policy Owner: Director, Revenue Cycle		Retired:
<input type="checkbox"/> Departmental Policy <input checked="" type="checkbox"/> Hospital-Wide Policy <input type="checkbox"/> Standard Operating Procedure		
Purpose: The mission of Humboldt Park Health (HPH) is to provide high quality and compassionate health care services by partnering with patients and their families, employees, physicians and the communities served by HPH. Humboldt Park Health recognizes that not all individuals possess the ability or means to purchase essential medical services. This policy is in keeping with the HPH's commitment to serve all members of the community and identifies the circumstances under which financial assistance will be extended to patients based on their ability to pay.		
Definition: <p>Amount Generally Billed: The amount generally billed is the expected payment from patients, or a patient's guarantor, eligible for financial assistance. For qualifying uninsured patients, this amount will not exceed the rate HPH is allowed under the Prospective Medicare Payment System.</p> <p>Assets: Certain assets will be considered in making a determination of eligibility for financial assistance.</p> <p>Cost to Charge Ratio: The ratio of a hospital's costs to its charges taken from its most recently filed Medicare cost report (CMS 2552-96 Worksheet C, Part I, PPS Inpatient Ratios).</p> <p>Discounted Care: Financial assistance provided to uninsured patients, or patient guarantors, meeting eligibility requirements, with annualized family incomes in excess of 200% but at or below 600% of the Federal Income Poverty Guidelines, will receive a partial discount of 72% off of charges as based on the <i>amount generally billed</i> as defined in this policy.</p> <p>Emergency Medical Condition: As defined in Section 1867 of the Social Security Act (42 U.S.C. 1395dd), the term "emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:</p> <ul style="list-style-type: none"> • placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, • serious impairment to bodily functions, or • serious dysfunction of any bodily organ or part; or • with respect to a pregnant woman who is having contractions - that there is inadequate time to effect a safe transfer to another hospital before delivery, or that transfer may 		

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

pose a threat to the health or safety of the woman or the unborn child.

Family Income: The annual family income and cash benefits from the prior 12 month period or the prior tax year as shown by recent pay stubs or income tax return, less payments made for alimony or child support. Proof of earnings may be determined by annualizing the year-to-date family income, taking into consideration the current earnings rate.

Federal Poverty Income Guidelines: The Federal Poverty Income Guidelines are updated periodically in the Federal Register by the United States Department of Health and Human Services under authority of subsection (2) of Section 9902 of Title 42 of the United States Code. Current FPIG guidelines can be referenced at <http://aspe.hhs.gov/POVERTY/>

Financial Assistance: Assistance provided to patients who meet this policy's eligibility criteria and for whom it would otherwise be a financial hardship to pay in full the patient payment obligation for medically necessary services provided by HPH.

Free Care: A 100% waiver of patient financial obligation resulting from medical services provided by HPH for uninsured patients, or their guarantors, meeting eligibility requirements and with annualized family incomes at or below 200% of the Federal Poverty Income Guidelines

Guarantor: An individual other than the patient who is responsible for payment of the patient's bill.

Gross Charges: Total charges at the full established rate for the provision of patient care services before deductions from revenue are applied.

Health Care Services: Any medically necessary inpatient or outpatient hospital service, including pharmaceuticals or supplies, provided to a patient.

Illinois Resident: A person who lives in Illinois and who intends to remain living in Illinois indefinitely. Relocation to Illinois for the sole purpose of receiving health care benefits does not satisfy the residency requirement.

MANG Application: Application used by the State of Illinois to determine eligibility for Medical Assistance No Grant (Medicaid).

Maximum Collectible Amount: The amount that may be collected in a 12 month period, for health care services provided by HPH, from an uninsured patient determined eligible under the IL Hospital Uninsured Patient Discount Act. The maximum collectible amount may not exceed 25% of the patient's family income. The 12 month period to which the maximum amount applies shall begin on the first date an uninsured patient receives health care services provided by HPH that are determined to be eligible for the uninsured discount.

Medically Necessary: Any inpatient or outpatient hospital service, including pharmaceuticals or supplies provided by a hospital to a patient, covered under Title XVIII of the federal Social Security Act for beneficiaries with the same clinical presentation as the uninsured patient. A "medically necessary" service does not include any of the following: (1) Non-medical services such as social and vocational services. (2) Elective cosmetic surgery, but not plastic surgery designed to correct disfigurement caused by injury, illness, or congenital defect or deformity.

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

Presumptive Eligibility Policy: Under certain circumstances, uninsured patients may be presumed or deemed eligible for financial assistance based on their enrollment in other means-tested programs or other sources of information, not provided directly by the patient, to make an individual assessment of financial need.

Qualification Period: Applicants determined eligible for financial assistance will be granted assistance for a period of six months. Assistance will also be applied retroactively to HPH bills incurred for eligible services that are within 240 days of the date of the first post-discharge billing statement.

Reasonable Payment Plan: A payment plan agreed to by the patient and HPH for patient payment obligations. The payment plan will take into account the patient's available income and assets, the amount owed, and any prior payments. It will be provided interest free.

Uninsured Discount: The Illinois Hospital Uninsured Patient Discount Act sets the Uninsured Discount according to the patient's ability to pay. For patients at or below 600% of the Federal Poverty Limit (FPL), the discount is set to be a hospital's charges multiplied by the uninsured discount factor, which is 1.0 less the product of a hospital's Cost to Charge Ratio multiplied by 1.35. Humboldt Park Health's Uninsured Discount will exceed this minimum requirement under Illinois law. The HPH uninsured discount of 72% off of charges will be based on the *amount generally billed* as defined in this policy.

Uninsured Patient: A patient not covered under a policy of health insurance and is not a beneficiary under a public or private health insurance, health benefit, or other health coverage program, including high deductible health insurance plans, workers' compensation, automobile, accident liability insurance, or other third party liability to assist with meeting a patient's payment obligations.

Policy:

This policy describes eligibility criteria, levels of financial assistance, eligible services, and the procedure to be followed in applying for financial assistance. It is intended to provide relief to uninsured patients for whom paying their medical bills would be a hardship.

The necessity for medical treatment of all patients will be based upon clinical judgment without regard to the financial status of the patient. Quality medical care and financial assistance will be provided to all persons regardless of race, creed, gender, national origin, handicap, age immigration status, sexual orientation, insurance status, or the ability to pay.

This policy is compliant with all applicable federal and state laws. Financial assistance will be extended with the expectation that patients will cooperate with HPH in applying for available insurance coverage, financial assistance or other forms of payment and that make reimburse for the cost of their care.

This policy applies to **Humboldt Park Health**, Hospital Clinics and physicians employed by HPH.

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

Procedure:

TYPES OF FINANCIAL ASSISTANCE:

Humboldt Park Health will provide financial assistance to patients, or their guarantors, in compliance with federal and state laws. This policy is intended to comply with the Illinois Hospital Uninsured Patient Discount Act, the Illinois Fair Patient Billing Act, the federal Patient Protection and Affordable Care Act, and other applicable laws relating to financial assistance, billing and collection for health care services.

Patients, or their guarantors, must cooperate with HPH by providing information and documentation needed to apply for existing financial resources that may be available to pay for the patient's care, in order to qualify for financial assistance. Prior to granting financial assistance under this policy, patient accounts will be evaluated for eligibility for reimbursement sources such as Medicare, Medicaid, All Kids, Illinois funded Medical Assistance No Grant Programs (MANG), Crime Victim Assistance, and commercial or Third Party insurances or programs. The cooperation of patients, or guarantors, is required.

The services provided by private physicians, those not employed by HPH and billing under the HPH tax identification number, are not considered under this financial assistance policy, with the exception of emergency room physicians. Physicians providing services in the emergency room, whether employed by HPH or under contract with HPH, will follow this policy. Patients are encouraged to contact the private physicians and other independent providers to inquire into available financial assistance and negotiate payment arrangements directly with these providers. (See Attachment A for a list of providers or services that will or will not be covered under this policy.)

Financial Assistance:

To qualify for assistance, patients must be Illinois residents. The following assistance is available to patients, or their guarantors, based on family financial circumstances.

Free Care:

For eligible services, full free care will be provided to patients, or their guarantors, who are uninsured and with annual family incomes equal to or less than 200% of the Federal Poverty Income Guidelines.

Partial Discounts:

Uninsured patients with annual family incomes exceeding 200% but equal to or less than 600% of the Federal Poverty Income Guidelines will be eligible for a partial discount of 72% off of charges. Humboldt Park Health will send the patient correspondence to verify that the patient does not have insurance coverage. Humboldt Park Health will also investigate if the patient is eligible for coverage through Illinois Medicaid and other Federal or State assistance programs. If HPH does not receive notification of insurance from the patient and if the patient does not qualify for any State or Federal assistance program, HPH will issue a letter granting the patient a partial discount.

Medical Hardship/Maximum Collectible Amount:

Humboldt Park Health will limit the amount that may be collected in a 12 month period from an uninsured patient, or patient guarantor, with income less than or equal to 600% of the Federal Poverty Income

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

Guidelines and with assets totaling less than the equivalent of 600% of the Federal Poverty Level threshold. Patients must first exhaust all other payment options including private coverage, federal, state and local medical assistance programs, and other forms of assistance provided by third-parties.

The maximum amount to be collected annually may not exceed 25% of the patient's annual family income. The **12** month period to which the maximum amount applies will begin on the first date an uninsured patient, determined eligible for the uninsured discount, receives services provided by HPH.

Payment Plans: For financial assistance eligible patients with a remaining balance, a payment plan will be agreed to by the patient and HPH. The payment plan will take into account the patient's available income and assets, the amount owed, and any prior payments. It will be provided interest free to all patients eligible for assistance under this policy.

Forms of Payment: Humboldt Park Health will accept the following forms of payment: cash, check, money order, Health Savings Account, Flexible Spending Account, Visa, MasterCard, or Discover.

ELIGIBILITY CRITERIA:

Financial assistance will be extended to all uninsured patients, or patient guarantors, in accordance with HPH policy. Eligibility will be based on Illinois residency and a combination of family income and assets.

Financial assistance will be extended to patients, or a patient's guarantor, based on financial need and in compliance with federal and state laws. Financial assistance applicants will be responsible for applying to public programs and pursuing private health insurance coverage. Patients, or patient's guarantors, choosing not to cooperate in applying for programs identified by HPH as possible sources of payment for care, may be denied financial assistance.

EMERGENCY MEDICAL POLICY:

In accordance with FEDERAL EMERGENCY MEDICAL TREATMENT AND LABOR ACT (EMTALA) regulations, no patient is to be screened for financial assistance or payment information prior to the rendering of services in emergency situations. It is the policy of HPH to prohibit actions that discourage people from seeking emergency medical care, such as demanding upfront payments or permitting debt collection activities that interfere with provision of emergency medical care.

APPLICATION PROCESS:

If, during the pre-admission or admission procedures or at any time during or following treatment at HPH, it is determined that a patient may be unable to pay, the patient will be referred to a financial counselor. It is at this point of contact that the process of determining financial need begins. An application for financial assistance may be submitted up to 240 days after the date of the first post-discharge statement.

The financial counselor will obtain appropriate financial and demographic information to assist in the determination of eligibility. The information will include a signed, completed request for financial assistance form.

Financial/demographic information may include, but is not limited to, the following items:

- Income, including wages, payments from unemployment and pension plans
- Liquid assets
- Living expenses
- Family size (including dependent children aged 18 and under residing in the home)

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

Humboldt Park Health does not include the following into the computation of income:

- Payments made for child support

Humboldt Park Health will have the patient assessed for medical assistance through the Illinois Department of Health & Human Services, formerly the Illinois Department of Public Aid, if it is determined that the patient may qualify. If it is determined that the patient may qualify for assistance through the State, HPH will utilize an outside vendor to complete the proper monetary assistance (non-grant) or MANG application.

DOCUMENTATION:

Eligibility for financial assistance will be based on financial need at the time of application; income, assets and living expenses will be considered in making an eligibility determination. In general, documentation is required to support an application for financial assistance. If adequate documentation is not provided, HPH may seek additional information.

Income documentation includes:

- Three recent check stubs
- Most recent W-2 tax form or;
- A copy of the most recent income tax filing

Asset documentation includes:

Asset information is required from patients, or their guarantors, to determine eligibility. Documentation will be the most recent monthly statements for an applicant's assets including checking accounts, savings or money market accounts, certificates of deposit, real estate excluding the primary residence of patient or guarantor, personal property exempt from judgment under Section 12-1001 of the Code of Civil Procedure, retirement accounts, and other investment assets.

If required documentation does not exist, the patient, or patient guarantor, will certify as to the estimated value of the assets considered for eligibility.

If the patient, or guarantor, is determined to be ineligible for assistance through the State and if applicable, is determined, the financial/demographic information will be compared to a general guideline of 200% of the annual poverty level as published in the Federal Register by the Department of Health & Human Services. The Financial Counselor will generate the Financial Assistance Approval form with all pertinent data which will be utilized to make a final determination.

The completed application will be forwarded to the Director of Patient Financial Services for review/approval/denial. Applications are to be sent to the following office:

Humboldt Park Health
1044 N. Francisco Avenue
Chicago, IL 60622
www.HPH.care
877-HPH-9333

With incomplete applications or unsigned applications, a request will be made for additional information and/or a signature. These applications will remain active until 240 days after the first post-discharge billing statement or 30 days from the date the letter was mailed to the applicant requesting additional information, whichever is later. If the applicant has not responded within this timeframe, the application will be denied.

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

The Director of Patient Financial Services or designee will process the appropriate financial assistance notification letter to the patient/guarantor. If the patient/guarantor will owe a balance after the application of the financial assistance adjustment, the financial counselor will contact the patient/guarantor by phone in order to arrange a mutually agreeable payment plan to cover the remaining balance. All payment plans are interest free.

QUALIFICATION PERIOD:

Completed requests for financial assistance shall be promptly processed and applicants will be notified within 30 days of receipt of a completed application. If eligibility is approved, HPH will grant financial assistance for a period six months.

Financial assistance will be applied to accounts incurred for eligible services provided at HPH for accounts that are within 240 days of the date of the first post-discharge billing statement. Humboldt Park Health will review accounts that are presently remanded to a collection agency for assistance if the financial circumstances warrants a review and if the collection agency contacts the HPH after speaking with the patient/guarantor.

No patient shall be denied assistance based on failure to provide information or documentation not required in the application. If denied financial assistance, the patient or patient's guarantor, may re-apply at any time there has been a change of income or status.

PRESUMPTIVE ELIGIBILITY POLICY:

Humboldt Park Health understands that not all patients are able to complete a financial assistance application or comply with requests for documentation. There may be instances under which a patient's qualification for financial assistance is established without completing the formal financial assistance application. Other information may be utilized by Humboldt Park Health to determine whether a patient's account is uncollectible, and this information will be used to determine presumptive eligibility.

Presumptive eligibility may be granted to patients based on their eligibility for other programs or life circumstances such as:

- 1) Homelessness;
- 2) Deceased with no estate;
- 3) Mental incapacitation with no one to act on the patient's behalf;
- 4) Medicaid eligibility, but not on date of service or for non-covered service;
- 5) Recent personal bankruptcy;
- 6) Incarceration in a penal institution;
- 7) Recipient of, or enrolled in, any of the following:
 - Women, Infants and Children Nutrition Program (WIC);
 - Supplemental Nutrition Assistance Program (SNAP);
 - Illinois Free Lunch and Breakfast Program;
 - Low Income Home Energy Assistance Program (LIHEAP);
 - Enrollment in an organized community-based program providing access to medical care that assesses and documents limited low-income financial status as a criterion for membership;
 - Receipt of grant assistance for medical services.

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

Other Presumptive Financial Assistance Eligibility:

For patients, or their Guarantors, who are non-responsive to Humboldt Park Health's application process, other sources of information may be used to make an individual assessment of financial need. This information will enable Humboldt Park Health to make an informed decision on the financial need of non-responsive patients, utilizing the best estimates available in the absence of information provided directly by the patient.

Electronic presumptive screening provides a community benefit by enabling Humboldt Park Health to systematically identify financially needy patients, reduce administrative burdens and provide Financial Assistance to patients and their Guarantors, some of whom may have not been responsive to the FAA process.

Humboldt Park Health may use a third party to electronically review a patient's, or the patient's Guarantor's, information to assess financial need. This review utilizes a healthcare industry-recognized, predictive model that is based on public record databases and does not access the patient or guarantor's credit file. The model's rule set is designed to assess each patient based upon the same standards and is calibrated against historical Financial Assistance approvals by Humboldt Park Health. This enables Humboldt Park Health to assess whether a patient is characteristic of other patients who have historically qualified for Financial Assistance under the traditional application process.

When the model is utilized, it will be deployed prior to bad debt assignment or after all other eligibility and payment sources have been exhausted. This allows Humboldt Park Health to screen all patients for Financial Assistance prior to pursuing any extraordinary collection actions. The data returned from this review will constitute adequate documentation of financial need under this Policy.

In the event a patient does not qualify for presumptive eligibility based on this model, the patient may still provide requisite information and be considered under the traditional FAA process.

Patient accounts granted presumptive eligibility based on this predictive model will be reclassified as financial assistance and any remaining balance due will be forgiven. For these accounts, refunds will only be granted if the patient subsequently completes the application process.

Patient accounts granted presumptive eligibility status will be provided free care for eligible services for retrospective dates of service only. This decision will not constitute a state of free care as available through the traditional application process. These accounts will be treated as eligible for Financial Assistance under this Policy. They will not be sent to collection, will not be subject to further collection action, and will not be included in Humboldt Park Health bad debt expense. Patients will not be notified to inform them of this decision when the patient qualifies for the most generous level of fee care.

If the electronic screening process is used to provide the patient with any discount level less than the most generous level of free care, Humboldt Park Health will notify the patient of the partial discount, provide information on what information was accessed to reach that decision, provide the patient and/or guarantor with information on how to apply for the most generous level, and provide the patient with time to apply as required by law.

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

ELIGIBLE SERVICES:

Services eligible under this policy include the following:

- Emergency medical services provided in an emergency setting.
- Services for a condition that, if not treated promptly, would lead to an adverse change in the health status of a patient.
- Non-elective services provided in response to life-threatening circumstances in a non-emergency room setting.
- Other medically necessary services.

Services not eligible under the policy include the following.

- Elective procedures not medically necessary.
- Services typically not covered under Medicare or commercial insurance.
- Cosmetic services and package pricing.

AMOUNTS GENERALLY PAID BY ELIGIBLE PATIENTS:

The amounts to be collected from uninsured patients found eligible for financial assistance is not to exceed the amount HPH is allowed under the Prospective Medicare Payment System. Patients determined eligible for financial assistance will not be expected to pay gross charges for eligible services while covered under HPH financial assistance policy. A discount of 72% off of gross charges will be provided to qualified uninsured patients based on the calculation for amount generally billed as defined in this section.

Refunds: If a patient has made a payment and the account was approved for financial assistance via the traditional Financial Assistance process then the payments the patient made prior to being approved for financial assistance must be refunded back to the patient. No refunds will be provided for patients who qualified under Presumptive eligibility process. They would have to apply via the traditional Financial Assistance Application process to be granted a refund.

APPEALS AND DISPUTE RESOLUTION:

Applicants denied financial assistance may appeal the determination in writing by providing information on the reason for the appeal and any relevant information. An appeal letter must be received within 30 days of the date of the determination letter.

Disputes and appeals may be filed by contacting:

Humboldt Park Health
1044 N. Francisco Avenue
Chicago, IL 60622
www.hph.care
877-HPH-9333

The appeal will be reviewed and a written decision provided to the patient within 30 days of receiving a

Subject: Financial Assistance Policy

Policy Number: FB.300.00.18

completed, written appeal.

NOTIFICATION OF FINANCIAL ASSISTANCE:

Humboldt Park Health utilizes signage and its "Patients' Rights & Responsibilities" brochure to notify all patients of the financial assistance program. The brochure is available at all entry points and is included within the admissions packet and in all outpatient areas. Information on the HPH financial assistance policy will be posted in the emergency department, and hospital admission and registration areas.

In keeping with State regulation, the patient/guarantor is notified of the financial assistance program via a message which is printed on all statements.

Information on this financial assistance policy will be made available to patients and the community served by HPH. The policy, application and a plain language summary of the policy will be available on the system's website.

Information on financial assistance, and the notice posted in hospital locations, will be in English, and in any other language that is the primary language spoken by at least 5% of the residents in the service area.

A request for financial assistance may be made by the patient, a patient's guarantor, a family member, close friend, or associate of the patient, subject to applicable privacy laws. The HPH will respond to oral or written requests for more information on the financial assistance policy made by a patient or any interested party. Any HPH staff member may make a referral of a patient to a financial counselor to examine eligibility for financial assistance.

The HPH will distribute informational materials on the financial assistance policy to agencies and non-profit organizations serving the low-income population in the hospital service area.

REGULATORY REQUIREMENTS:

Humboldt Park Health will comply with all federal and state laws, rules and regulations and reporting requirements that may apply to activities conducted pursuant to this policy. This policy requires that

HPH track financial assistance provided to ensure accurate reporting. Information on financial assistance provided under this policy will be reported annually on the IRS Form 990 Schedule H.

RECORD KEEPING:

Humboldt Park Health will document all financial assistance in order to maintain proper controls and meet all internal and external compliance requirements. All completed applications are kept in file by month/day of the adjustment date. Each application will include a copy of the letter which was sent to the patient once the final determination was made. A copy of the adjustment batch is also kept on file. Each day is filed in alphabetical order for ease of reference.

POLICY APPROVAL:

This HPH financial assistance policy has been approved by the HPH (Governance Body). It is subject to periodic review. The Any change to the policy must be approved by the HPH (Governance Body).
